

Empress Love

The Steppas

Said your my love, your my love, your my love
Said your my love, your my love, your my love
Your my empress love Oh you light up me fire
Your scent is what i admire
Oh my empress love, whoa ooh whoa
Oh my Empress Love Me trod on my feet down the street to the corner
See this likkle gal me no wanna
Pass her by sweet lips everyday
Stay up in the clouds all day
You fill me heart up with gladness
You take away all my sadness
Oh my empress love, whoa ooh whoa
Oh my Empress Love, whoa nah nah nah She gimme that i don't wanna do nothing
She gimme that i don't wanna work nothing
She gimme that i don't wanna play nothing
She gimme that lazy love all day
She gimme that i don't wanna go nowhere
She gimme that i just wanna stop and stare
She gimme that i just wanna lay in bed
She gimme that lazy love all day Some do it right or they fight
You'll always make things alright
Oh my empress love, whoa ooh whoa
Oh my empress love
Hold my hand through the ups and downs of life she don't take no blame
Always there to be guiding light
Through my strength and spiritual days
She no give no bad bad vibes
And she keep we alive
Keep we troddin going on this lane
Lifes a ride and we movin 95
But i love my empress we say Say when i walk out the door
You got me wanting for more
Oh my empress love, whoa ooh whoa
Oh my empress love, whoa nah nah nah
