

# Hearts On Fire

John Cafferty

Silence in the darkness creeps into your soul  
Envy moves the light of self control  
The gate that holds you captive has the door  
Burnin' with determination to even up the score  
Heart's on fire, strong desire, rages deep within  
Heart's on fire, fever's risin', high  
The moment of truth draws near  
Time will not allow you to stay still, no  
Silence breaks the heart and bends the will  
Defense is guilty passions out of control  
Rules and regulations have no meaning any more  
Heart's on fire, strong desire, rages deep within  
Heart's on fire, fever's risin', high  
The moment of truth is here  
OH! Is here  
Oh yeeeeeeaaaaah!  
Heart's on fire, strong desire, rages deep within  
Fever's risin', energizin', right up to till end  
Heart's on fire (heart's on fire)  
Strong desire (heart's on fire)  
Rages deep within  
Ooooh  
FADES-  
Fever's risin' (heart's on fire)  
Energizin' (heart's on fire)  
Right up till the end  
Ooooh  
Heart's on fire (heart's on fire) (heart's on fire)  
Strong desire (heart's on fire)
