

# Shawty Wus Up (feat. Johnta Austin & Diamond)

## Dondria

Tell me what you like boy, tell me what's your name  
I don't need you to buy me a drink  
I got my own cash, and I got my own crew  
So tell me what you drinkin', baby, I'll buy it for you I'm lookin' like the, ssh! What's up over there?  
I don't know who you with, but it's poppin over here  
I came to get it crackin', but you actin' all cool  
So tell me what would happen if I told you Baby I want you  
Don't be shy, just reply if you want to  
'Cause I got it, got what you need right here  
So come on, baby, tell me what I wanna hear Shawty wus up? Tell me how you want it  
Shawty wus up? I'm a put it on ya tonight  
I'm a keep it hummin' tonight  
So tell me now  
Shawty wus up? Tell me how you need it  
Shawty wus up? We could guard a secret tonight  
And you gon' find out tonight, tonight, tonight Y'all over there lookin' like top models  
We over here sippin' on pink bottles  
You keep flirtin', and I can't take it  
'Cause the body on you make me wanna see you naked Now what's your favorite place to be kissed?  
Just point to it, damn I knew it  
Mwah, girl, you taste like chocolate  
Mwah, I'll be there, don't you stop us Baby I want you  
Don't be shy when I reply that I want to  
'Cause you got it, got what I need right here  
So baby, let me tell you what you want to hear  
Shawty wus up? Tell me how you want it  
Shawty wus up? I'm a put it on ya tonight  
I'm a keep it hummin' tonight  
So tell me now Shawty wus up? Tell me how you need it  
Shawty wus up? We could guard a secret tonight  
You gon' find out tonight, tonight, tonight Shawty whassup? Have you ever in your life been with a diva?  
All the chicks wanna be ya, but a one in a million like Aaliyah  
Pushin' to see ya, I'm flyer than a motha  
Just like I keep it shaved up like the head of Amber Rose P-p-pose, lights, camera, action  
You try to focus, but you know I'm a distraction  
They ain't really rappin', them bitches are actin'  
Bet you tried to anchor in my ship 'cause you the captain Ahoy mate! It's 32 like rum, come get

a taste  
Eat me 'til my legs shake  
'Cause you got one bite, one flight, one night  
Since you said you hungry, let me satisfy your appetite  
Shawty wus up? Tell me how you want it  
Shawty wus up? I'm a put it on ya tonight  
I'm a keep it hummin' tonight  
So tell me now  
Shawty wus up? Tell me how you need it  
Shawty wus up? We could guard a secret tonight  
You gon' find out tonight, tonight, tonight  
Well baby let me just ask you a question. Do you  
need me?  
Said I need you  
Well do you want me?  
Yes I want you  
Do you want me tonight?  
I want you tonight  
Do you want me tonight?  
You know I want you tonight  
Do you like this?  
Said I like this  
And can you get this?  
I can get this  
Well can you get it tonight?  
I'm gonna get it tonight  
Can you get it tonight?  
I'm gonna get it tonight
