

Machismo

Gomez

Sampled:

He's into that, that spiritual stuff My brother's into, my brother's into

He's into that, that spiritual stuff

He's into that, that spiritual stuff

He's into that, that spiritual stuff

It's serious, man

He's into that, that spiritual stuff

He's into that, that spiritual stuff

He's into that, that spiritual stuff

It's serious, man

I seen a movie on it

He's into that, that spiritual stuff

Gomez:

Come around my way, toast the angels

He don't do what it's from, dat ain't right Sampled:

He's into that, that spiritual stuff

He's into that, that spiritual stuff

He's into that, that spiritual stuff

It's serious, man

He's into that, that spiritual stuff

He's into that, that spiritual stuff

He's into that, that spiritual stuff

It's serious, man

I seen a movie on it

He's into that, that spiritual stuff

Gomez:

Come around my way, toast the angels

He don't do what it from, dat ain't right

Come around my way, toast the angels

He don't do what it from, and dat ain't right

He don't do what it from, and dat ain't right

So come around my way, toast the angels

He don't do what it from, and dat ain't right

He don't do what it from, and dat ain't right
