

# Too Bad

Ty Bri

What can you swang if you want none of this  
Bad bitches come with this  
We get the pack and you know we want fumbling Bitch, we give a test in it  
He get to banging me and all some other shit  
Well, fuck it, he lovin' it  
I watch my uncle get money from hustlin'  
Just servin' his smugglin' Bitch too bad, too hot to handle her  
When I fuck on them I got stamina  
We gon' pull up in a Challenger  
I call my bro, he go Damn, what you mean yo nigga compatible?  
You don't wanna smoke, this shit flammable  
Aapeshit, we goin' animal  
Stackin' my money, it's valuable  
I cut the niggas off one at a time  
He wanna fuck all the time  
He got up way too early, so  
That nigga must drop a dime  
I ain't like none of these bitches be hatin'  
'Cause I'm getting paper Don't want no fakin' it, don't want no favors  
I'ma be patient, ball out with the pacers So shawty keep flexin', she call me her maker  
Grindin' 'cause I'm on some glaciers  
Pom patronin' my way as the chaser  
That nigga broke, can't they hear?  
I ain't gonna say it again My butt on their face and my foot on their chin  
I jumped in the game to win  
They know if it static, we doin' the spin  
Bitch too bad, too hot to handle her  
When I fuck on them I got stamina  
We gon' pull up in a Challenger  
I call my bro, he go Damn, what you mean yo nigga compatible?  
You don't wanna smoke, this shit flammable Aapeshit, we goin' animal  
Stackin' my money, it's valuable  
I cut the niggas off one at a time  
He wanna fuck all the time  
He got up way too early, so  
That nigga must drop a dime I ain't like none of these bitches be hatin'  
'Cause I'm getting paper  
Don't want no fakin' it, don't want no favors  
I'ma be patient, ball out with the pacers It's gon' be pawn rounds  
Them bitches ain't it, but them bitches is clowns  
I've been that bitch for a while  
He turn around and I'm knockin' 'em down

I spent the band on my lace  
I took it to trial and I beat up the case I'm hard as fuck with a cape  
All of that talkin' get put in a vase  
I'm all about gettin' money  
Whenever there's job, let me shake on that dummy  
Don't put your hands on me, hunny  
Sis, you a get left by your tummy They gotta call me to check  
If they want me to sign, if they want me to rap  
He said that shit too wet  
So I had to save him to get him a vest Bitch too bad, too hot to handle her  
When I fuck on them I got stamina  
We gon' pull up in a Challenger  
I call my bro, he go Damn, what you mean yo nigga compatible? You don't wanna smoke, this  
shit flammable  
Apeshit, we goin' animal  
Stackin' my money, it's valuable  
I cut the niggas off one at a time  
He wanna fuck all the time He got up way too early, so  
That nigga must drop a dime  
I ain't like none of these bitches be hatin'  
'Cause I'm getting paper  
Don't want no fakin' it, don't want no favors  
I'ma be patient, ball out with the pacers
