

# Idle Worship

## Paramore

Standing here like I'm supposed to say something  
Don't hold your breath, I never said I'd save you, honey  
And I don't want your money  
If I was you I'd run from me or rip me open  
You'll see you're not the only one who's hopeless  
Be sure to put your faith in something more  
I'm just a girl and you're not as alone as you feel  
We all got problems, don't we?  
We all need heroes, don't we?  
But rest assured there's not a single person here who's worthyLa, la la la la la  
Don't let me let you down  
Hey, baby I'm not your superhuman  
And if that's what you want  
I hate to let you down  
Or get your hopes up  
Now I got you hoping  
That I'm gonna be the one that let you downOh, it's such a long and awful lonely fall  
Down from this pedestal that you keep putting me on  
What if I fall on my face?  
What if I make a mistake?  
If it's okay a little grace would be appreciated  
Remember how we used to like ourselves?  
What little light that's left, we need to keep it sacred  
I know that you're afraid to let all the dark escape ya  
But we could let the light illuminate these hopeless placesLa, la la la la la la  
Just let me let you down  
Hey, baby I'm not your superhuman  
And if that's what you want  
I hate to let you down  
Or get your hopes up  
Now I got you hoping  
That I'm gonna be the one that let you downLa la la la la la  
La la la la laOh, no, I ain't your hero  
You're wasting all your faith on me  
Oh, no, I know where this goes  
They can say, they say, this doesn't look a thing like meLa, la la la la la  
Don't let me let you downHey, baby I'm not your superhuman  
And if that's what you want  
I hate to let you down  
Or get your hopes up  
Now I got you hoping  
That I'm gonna be the one that let you downHey, baby I'm not your superhuman

And if that's what you want  
I hate to let you down  
Or get your hopes up  
Now I got you hoping  
That I'm gonna be the one that let you down
