

You

Candlebox

You
It's for you
Only you
It's for you I'll never know, I'll never care, I'll never believe my people I'll tell you
what I say, I'll never lie, I'll never try, I'll never cry for you people, I'll push you
Push away
As you lonely people
Keep on running 'round my door
Yes, you lonely people
Keep on begging
Beg for more And I'll cry for you, Yes I'll die for you
Pain in my heart it is real
And I'll tell you now how I feel inside
Feel in my heart it's for you
It's for you
Only you
It's for you
I'll never try, I'll never die, I'll never push for you people, I'll tell you
how I feel
I'll never lie, I'll never cry, I'll never try for you people I'll tell you,
yes it's real And you lonely people
Keep on passing time away Yes you lonely people keep on passing Pass away And I'll cry for
you, Yes, I'll die for you
Pain in my heart it is real And I'll tell you now how I feel inside
Feel in my heart it's for you
And I'll take everything As it comes my way
Pushin' your pain 'round my door
And I'll I cry for you as I die for you
Is this blood on my hands all for you?
You shiver And shudder, Recovers your mother, You feel it
take control
All alone Feel alive
In your soul
Come around town Steal another dime Take another line Won't you feel it Blanket your soul
Out of mind
Come around town Steal another dime Do another crime Won't you get it higher & higher
All through time
Come around town Steal another dime Don't you push your drugs in my face Yes, I feel it
Feeling fine
Don't you push your drugs in my face Or I'm gonna put you in your place Fuck you
I don't want it no more And it's mine
Said this pain in my heart is all mine

Yes, it's mine all alone I don't want it no more
I don't want it no more I don't want it no more
I don't want it no more
And it's mine on my own
Yes, it's mine all alone
As I cry for you Yes, I'll die for you Pain in my heart, it is real And I'll take Everything as it
comes my way
Feel in my heart it's for you
And I'll lie for you as I die for you
Pain in my heart it is real
And I'll tell you now How I feel inside
Fuck you
It's for you
