

# UFO (feat. Allday)

## Mallrat

[Chorus: Mallrat]

I heard lots of things  
You were all that I believe  
Promise that you'll take me home  
Say your home is next to me [Verse 1: Mallrat]  
I been trying to hide, I been trying to hide  
Find a place that's far away and stay a couple nights  
I been getting high, I been getting high  
Told myself I wouldn't but I guess I told a lie  
I live in the sky, I live in the sky  
Everybody's laughing when I tell 'em what it's like  
I been getting high, I been getting high  
Told myself I wouldn't but I'm talking when I shouldn't and

[Chorus: Mallrat]

I heard lots of things  
You were all that I believe  
Promise that you'll take me home  
Say your home is next to me [Verse 2: Mallrat]  
Born inside a star, shooting at my room  
Throwing stones at window panes was just a bit too cute  
I've been trying to hide, I've been on the move  
UFO's could take me home, I'm missing my old room  
I've been trying to find, I've been trying to find  
That memory inside my head from back when I was nine  
I've been on my grind, I've been on my grind  
Et cetera I'm better than I've been in some time

[Chorus: Mallrat]

I heard lots of things  
You were all that I believe  
Promise that you'll take me home  
Say your home is next to me [Chorus: Mallrat]

I heard lots of things  
You were all that I believe  
Promise that you'll take me home  
Say your home is next to me [Bridge: Allday]  
Yeah I got you if you didn't notice  
Always falling for the insta photos  
You think I'm shallow no swimming over  
Live at night no melanomas, can't really focus  
Got lights from the space craft  
Pointed in my face like a ray gun  
Or a quasar far away from

Where we started I guessed that's what we aimed for  
We're making memories this year  
These are the important moments  
We could be legendary next year  
Like before we know it

And it felt hopeless back then, but we were always glowing in the dark that's Ore'o'in

Mulling four leaf clovers of course we're smoking  
Until the worm holes all close in[Outro: Mallrat]  
UFO's could take me home, I'm missing my old room  
UFO's could take me home, I'm missing my old room  
UFO's could take me home, I'm missing my old room  
UFO's could take me home, I'm missing my old room  
UFO's could take me home, I'm missing my old room  
UFO's could take me home, I'm missing my old room  
UFO's could take me home, I'm missing my old room  
UFO's could take me home, I'm missing my old room
