There ain't nothing u can do with the man,

Except for shake yo ass and clap yo hands,

Bob yo head and move your feet,

I ain't the type of rapper just to ride the beat!

I set the track on fire,

I take the roof, the house and knock out your tyres,

Its the funk in here

Let mystikal move you and mariah sing

Chorus-mc:

Don't stop baby(mystikal ad-libs: shake yo ass),

Its extasy(watch yoself),

Turn me up a little higher,

Baby light my fire,

Tell me every little thing you wanna do,

Baby I'm into you(get on the floor),

Don't stop baby(shake yo ass),

Its extasy(shake the whole grill),

Turn me up a little higher

Baby light my fire,

Tell me every little thing you want to do I just want to love ya(bob yo head

And move yo feet)

Mystikal:

Heads up, look out, its bout to go down,

And what they didn't know about me then, I bet they know now,

I'm bout to prove my fame,

So just get out the way and let me do the thing,

Its on tonight,

I'm known to be more vulgar than the garbage

You can't stop the train,

You ain't got no umbrella so get your ass out the rain,

You ain't louder than this!

I'm like a bowl of gumbo, you ain't hotter than this,

I'm what they play in the club,

I keep them moving till I leave, thats what they paying me for,

You already know what I do,

So have my money and my munchies and my cigar too,

I'm known for bringing the heat,

Ain't nobody cutting up but mc now mcChorus-mc:
