

# Weed Hand (feat. Grimm & Lucky Luciano)

## Baby Bash

Sometimes da game got me stressin' partner I can't lie  
I roll me a sweet smash off in da ride a whole piece I ain't never lied  
I put my weed hand in da sky, I put my weed hand in da sky  
I respect it for da luv of life, a whole piece I ain't never lied  
I put my weed hand in da skyThe smoke's killin' off my lungs and appendix  
It's baby bash, the modern day Jimmy Hendrix  
The smoke's killin' off my lungs and appendix  
It's baby bash, the modern day Jimmy HendrixThe smoke's killin' off my lungs and appendix  
The smoke's killin' off my lungs and appendix  
The smoke's killin' off my lungs  
The smoke's killin' off my lungs  
The smoke's killin' lungs, appendix  
It's baby bash, the modern day Jimmy Hendrix  
Deep down in Texas, dope house is so relentless  
The fluff is endless, smokin' wit my lawyer and my dentistFeelin' stupendiss wanna come to my  
quarter stacks  
Smokin' on greener reef, singin' Bobby to dem older cats  
Dem dodger sax wit a coffee grinder at my mercy  
Dun rolled a lax wit a high speed chasers ones dat couldn't catch meCocked mouthed and  
thirsty gotta keep my spirit lifted though  
My spiritual, lyrical, it's hydromyrical  
I'm comin' vicious though wit a fully loaded off dat durby  
Feelin' so worthy, 'cuz my vaccume lungs are like dat CurbyAnd don't disturb me when I'm  
floatin' foreign land  
You no fo' sho' I keep that pipe in my weed hand  
My weed hand is somethin' I don't disrespect  
Your weed hand, throw it up and represent your weed  
Sometimes da game got me stressin' partner I can't lie  
I roll me a sweet smash off in da ride a whole piece I ain't never lied  
I put my weed hand in da sky, I put my weed hand in da sky  
I respect it for da luv of life, a whole piece I ain't never lied  
I put my weed hand in da skyI'ma gonna admit it and ask me  
I'ma gonna admit it and you know I'm wid it  
Begin his life, got his only one and split it  
Lit it up wit my nephew and now I'm floatin'  
Let me help you  
My crown is broaken, soakin' up my soalSippen styraphone cups, choken now I'm low  
If you ridden on us dat's cool but pass da joint  
Diamonds flyin' and you just had to go  
'Cuz u dun cast da vote and I didn't even get a hitNo not even a little bit, so now help me get rid  
of dis  
Baby girl don't disrespect the luv

And I can't see dat, ask where we get the best ofBud  
Put up your weed handSometimes da game got me stressin' partner I can't lie  
I roll me a sweet smash off 'n da ride a whole piece I ain't never lied  
I put my weed hand in da sky, I put my weed hand in da sky  
I respect it for da luv of life, a whole piece I ain't never lied  
I put my weed hand in da skyMan I've been down dis way before  
'Cuz bong back up and blow  
I'm too damn high don't pass me no mo'  
I blaze drown, sip on a 4  
Stayin' doped and I'm on a noteYou can smell da bong all on my clothes  
Man look at my eyes they 'bout to be closed  
I'm choken dudes up out hate room wit my weed hand in the sky  
I'm stayin' blowed on Octamodes and I'm leanin' half da timeWhat did I do  
I'm stayin' high and I hustle fool  
Don't be at home up on my ass gotta get up and glock sum cash  
Hoes thinkin' they gonna smoke for free  
But not wit a young P.I.M.PJust 'cuz I'm young don't mean I'm dumb  
Red microphones now blaze sum of dat greener reef  
And pour sum of dat purple stuff  
Down here we're sippin' and blowin', ya, I know you herd of usSometimes da game got me  
stressin' partner I can't lie  
I roll me a sweet smash off in da ride a whole piece I ain't never lied  
I put my weed hand in da sky, I put my weed hand in da sky  
I respect it for da luv of life, a whole piece I ain't never lied  
I put my weed hand in da sky
