

# No Cap

## Future & Young Thug

Southside on the track, yeahHa ha  
YeahTake it out the bank, go put it up  
Got my main hoe, put her up  
Straight off the lot, go put it up  
My last two foreigners pulled up  
Straight out the bank, go put it up  
Everybody in the hood gone pull up  
I got 'em on Xans and the Roxy's  
The homie done ran with a thottie  
Every week I change my closet  
Got a Fendi store in my house  
Got a Bentley garage in my house  
Got a watch on my wrist cost a house  
My bitch can't sleep at my house  
Make her sleep at a hotel now  
And when you talk, man, you talking off cap  
And your diamonds they looking like tap  
I was always ducking from the paps  
Keep an R&B bitch in my lap  
Out in Beverly Hills, I adapt  
But I still had to ride with that strap  
Yellow diamonds like banana, that's cap  
Put some dirty in Mello Yello, no cap  
Rocking Maison Margiela's, that's cap  
Red bitch, Cinderella, no cap  
I can turn perro  
I can turn Pedro  
Bad bitch out the ghetto  
Eating like middle  
I'm 'bout to get better  
Still trapping for Beretta's  
Rolls Royce, I'm a gorilla  
Getting dome at Coachella  
Yeah, hop out the coupe and titty fuck her  
Yeah, free Bobby Shmurda motherfuck the Rucker's  
I'ma lean back in the back, she suck like lolli-suckers  
I lied when I said I love her  
Backstabbed the bitch, like I'm Michael Myers  
My little brother keep a stick on the seat  
He gone brrrt, brrrt, brrrt 'til your heart stop beating  
I'm a Zone 6 nigga and I'm riding in a foreign  
Fuck a bad yellow bitch anytime I get bored

Nigga, uh  
I'm a giant on these streets, nigga, uh  
Switch my bitch once a week, nigga, uh  
1.5 in my Goyard, uh  
Gone need a way bigger surf board, uh  
I bust down my plain Yachtmaster with bezels  
I flew her out to Vegas, swear to God, forgot to hit her  
I made 'em quit they jobs, then I gave 'em to my niggas  
I gave a little start-up money and put her in a rental  
I send my Ethiopian to go pray at the temple  
I flood her heart with diamonds, just to pray, it's so expensive  
She tasting holy water, so, for me, it's beneficial  
She caught the holy ghost when I gave her the presidential
