## **Time Waits For No-One**

## **Duck Sauce**

Time waits for no
It will leave you well behind
Time waits for no one
But it's faster than design Time waits for no
It will leave you well behind
Time waits for no one
But it's faster than design Time waits for no oneTime waits for no
It will leave you well behind
Time waits for no one
But it's faster than design Time waits for no one
