

# Magnificent (feat. Kardinal Offishall)

## Estelle

Don't tell me you love me if it aint really true,  
Don't tell me you love me just cause you in the mood,  
This thing i had for you,  
It's only for you my baby,I'll give it so swiftly if you start to act a fool.  
So when you say that you love me do you really understand?  
Cause lovin aint just about touchin and holding hands.It's a spiritual thing that,  
really really hard so baby,  
so dont gimme no lies if you really trying to be my man.My love is so magnificent baby,  
If you really real come take it.  
My love is so magnificent baby,  
If you really, if you really  
1 an its da 2 an its da 1, 2 3You aint gonna be the one to tell me how much im worth,  
Cause i pulled myself out up from under the dirt,You have got to believe me,  
What i have wont come easy,  
And if your ready like im ready then you gotta put in the work.  
Now you know im the realist chick you've been waiting a while,  
and i aint dealin with no harvard boy cause he makes me smile,cause you gotta step your game  
up,  
this is what i call a wake cause,  
you can take it to the left because i'll always be the style,My love is so magnificent baby,  
If you really real come take it.  
My love is so magnificent baby,  
If you really, if you really
