

Secret Separation

The Fixx

We are passengers in time
Lost in motion, locked together
Day and night, by trick of light
But I must take another journey
We must meet with other names
We must meet with other names You touched my heart so deeply
You rescued me now free me
Don't watch me cry just see me go
I'll take away the strongest feelings
You will ever know There will be no more isolation
In our secret separation
You touched my heart so deeply, you rescued me
Now free me
We are passengers in time
Lost in motion, locked together
Day and night, by trick of light
But I must take another journey
We must meet with other names
If you hold me you will hurt me
Be brave There will be no more isolation
In our secret separation
You touched my heart so deeply, you rescued me
Now free me We are matching spark and flame
Caught in endless repetition
Life for life we'll be the same
I must leave before you burn me
I am the stranger who deserts you only to love you
In another life
There will be no more isolation
In our secret separation
You touched my heart so deeply, you rescued me
Now free me I'll bear one precious scar that only you will know
Passengers in time, free me
(repeat x5)
