

Sleep On It

Saving Jane

I hope you don't mind me saying
I think you're so lovely
I hope you don't mind me staying
'Cause I might never leave We could rewind to nothing
And start at the beginning
Don't forget to breathe Baby, I don't have much
But I've got more than enough to keep you
Isn't it nice to touch
Something solid you can cling to? Baby, I promise you this
You don't know just what you're missing
I've got everything you're wanting
Maybe, we could sleep on it tonight
I didn't mean to alarm you
Subtlety's my weakness
Give me a minute to charm you
And you'll know what I mean Maybe, I didn't mention
You won't regret my attention
I've got tricks you've never seen Baby, I don't have much
But I've got more than enough to keep you
Isn't it nice to touch
Something solid you can cling to? Baby, I promise you this
You don't know just what you're missing
I've got everything you're wanting
Maybe, we could sleep on it tonight Now that it's all out on the table
Come and get it
You better love me while you're able
Baby, I don't have much
But I've got more than enough to keep you
Isn't it nice to touch
Something solid you can cling to? Baby, I promise you this
You don't know just what you're missing
I've got everything you're wanting
Maybe, we could sleep on it tonight Baby, I don't have much
But I've got more than enough to keep you
Isn't it nice to touch
Something solid you can cling to? Baby, I promise you this
You don't know just what you're missing
I've got everything you're wanting
Maybe, we could sleep on it tonight
