

Big Deal

Kid Ink

Yeah

(Bankroll Got It)Big deals, big wheels
Come with me if you're looking for a quick thrill
Fishtail, hanging out the windshield
Clit trail, tell your bitch chill
Big deals, big wheels
Come with me you looking for a quick thrill
I've been lowkey like locksmith
But I know you love it when I pop shit
Fishtail the Chevy out the lot quick
Watch the side turn into a rocket
Been ill way before the big deal
Back when we was living off fillet and fish meals
Young nigga came up, hit the windmill
See you playing, at your heart, I'm a win still
Filling up my blunt, whip a contract
Knock a nigga out like Deontay
Hot sauce dripping on the pencil
Thirty bands coming through, my win mode
Big deals, big wheels
Come with me if you're looking for a quick thrill
Fishtail, hanging out the windshield
Clit trail, tell your bitch chill
Big deals, big wheels
Come with me if you're looking for a quick thrill
Fightin' with the blunt and shit hittin' still
Shawty on a pill, she ain't sitting still
Say you do it bid, that shit miniscule
Money's all I talk, check the dentist bill
Tell a nigga, leave me alone
So fake, nigga, you can't even be you at home
Had a good year but we didn't see you for long
Lil' light skin nigga came to even the tone, okay
I've been tryna keep it down, whole lotta loud
Rocking that new season, now you out of style
Ball hard, might just push you out of bounds
Talk behind my back but never back-talk when I'm aroundBig deals, big wheels
Come with me if you're looking for a quick thrill
Fishtail, hanging out the windshield
Clit trail, tell your bitch chill
Big deals, big wheels

Come with me if you're looking for a quick thrill
