

# Toys In the Attic

## Aerosmith

In the attic lights  
Voices scream  
Nothing's seen  
Real's a dream Leaving the things that are real behind  
Leaving the things that you love from mind  
All of the things that you learned from fears  
Nothing is left for the years Voices scream  
Nothing's seen  
Real's a dream  
Toys, toys, toys in the attic  
Lights Voices scream  
Nothing's seen  
Real's a dream  
Leaving the things that are real behind Leaving the things that you love from mind  
All of the things that you learned from fears  
Nothing is left for the years  
Voices scream  
Nothing's seen  
Real's a dream  
Toys, toys, toys in the attic  
Toys, toys, toys in the attic  
Toys, toys, toys in the attic  
Toys, toys, toys in the attic
