

# Vagabond Blues (feat. Dirty Heads & Rome)

## Blues Traveler

I'm just chasin' the wind whisperin' Willie Nelson  
13 knots if im caughts where im restin'  
A dead mans hand and i got all my chips in  
Ace high, 8 low, thunder in the distance  
My trail leads west, desperado on a mission  
Vagabond Blues when i hear the Train whistlin'  
No rest for the wicked, ill sleep when im buried

No name on my tombstone  
Call me Huckleberry

Yeah

(Popper)

Out there Jareds got a wiskey  
I hope that no one'll miss me

When im gone

When im gone

i couldn't tell ya 'bout the right or wrong

Out there Jareds got a wiskey

I hope that no one'll miss me

When im gone

When im gone

i couldn't tell ya 'bout the right or wrong

(Dirty J)

I keep movin' on like vagabond

But leave the fire on

Illuminate the light at night

So i can find my way back home

Ya never know whats told

We might get older

All be dead at dawn

Devil knows im sold

Hes sitting shotgun, ride along

Rabid dog fight, foaming, rabid dog bite

All these words are muddy water

like im fishing with some Dynamite

Dead to rights, pistol sights

Pine Box filled at night

They just might close it tight

Man, it will be our night

(Popper)

My bones, grown weak and brittle

Every line in my face is real

When im gone

When im gone  
Couldn't tell ya 'bout the right or wrong  
My bones, grown weak and brittle  
Every line in my face is real  
When im gone  
When im gone  
Couldn't tell ya 'bout the right or wrong  
(Rome)

Met a girl who needed help  
Felt that i could share the wealth  
Picked her up, talked a bit  
Laughed about our pain within  
She was Ruby, I was I  
And while she glistened, i'd just lie  
Every word, that she said  
Echoed like drums in my head  
Years have passed  
And I grew old  
And traveled 'round in search for her  
She took my heart, and took my gold  
Another Vagabond love story told  
(Popper)

I would  
Never been a preacher  
Fool's Gold  
Always been a teacher  
When im gone  
When im gone  
Could'nt tell ya 'bout the right or wrong  
Well im done  
Lookin' at the pictures  
All my lies

Never Gonna fix her  
When im gone  
When im gone  
Could'nt tell ya 'bout the right or  
wrong  
Could'nt tell ya 'bout the right or wrong  
Could'nt tell ya 'bout the right or wrong  
Could'nt  
tell ya 'bout the right or wrong  
When im gone  
When im gone  
Could'nt tell ya 'bout the right or  
wrong  
When im gone  
When im gone  
Could'nt tell ya 'bout the right or wrong  
When im gone
