Awaken

League of Legends, Valerie Broussard & Ray Chen

[Verse 1]
The night beckons while you dream
A life never lives in peace
As you stand upon the edge
Woven by a single thread
And fate may fall down upon you
While the devil is knocking
Right at your door[Chorus]
So all you restless
Each night you hear the drums of war
Awaken, awaken
The voice begins to call you while you hunger
A taste of destiny you're searching for
Awaken, awaken
The fight is at your door, take up the cause
[Bridge]
(Ah, ha, oh, ha)
(Awaken, awaken, awaken, awaken) (Hehahahahaha)
(Awaken, awaken, awaken, awaken)
Awaken, awaken, awaken, awaken[Verse 2]
(Ah, ah)
As you stand upon the edge (Ah, ah)
Hanging in the balance (Ah, ah)
And fate may fall down upon you (Ah, ah)
While the devil is knocking
[Chorus]
So all you restless
Each night you hear the drums of war (Hear the drums of war) (Ah)
Awaken, awaken (Ah)
The voice begins to call you while you hunger (Ah) (While you hunger)
A taste of destiny you're searching for (Ah, ah)
Awaken, awaken[Outro]
Awaken, ya (Ya)
