

Skull of Geronimo

Crobot

The Skull of Geronimo I'm not built to lose
Bred from bloodlines of those who give the blues
Born to win
It's easy to be a player when you buy your way in Oh boy, I can't wait to be one of the boys! The
Skull of Geronimo
The key is a kiss once I take hold
The Skull of Geronimo
The key is a kiss once I take hold
Bit and saddle horn
Stolen from those who protect the fort
Nine days from the day they dug up the relics of a warrior's grave Oh Boy, I can't wait to be one
of the boys! The Skull of Geronimo
The key is a kiss once I take hold
The Skull of Geronimo
The key is a kiss once I take hold Can't take, take, take what you'll never have
We'll keep our secrets in hell The Skull of Geronimo
The key is a kiss once I take hold
The skull of Geronimo
The key is a kiss once I take hold
Can't take, take, take what you'll never have
We'll keep our secrets in hell
Can't take, take, take what you'll never have
We'll keep our secrets in hell
