

# Unfamiliar Faces

[Matt Costa](#)

Your surprises wear disguises  
All of your truths masquerade around on hallows eve  
So I'll never know what you show to unfamiliar faces  
So impressed by you undressing  
Did you take his hand aside from love  
The truth would break me in two  
I'll never know what you show to unfamiliar faces This is the voice that's scared to hear those  
names  
So this is the void, we'll leave a hole in space I'll take it kindly if you blindly  
Holding inside the thoughts I have  
Inquisitively wondering  
I'll never know what you show to unfamiliar faces But this is the voice that's scared to hear  
those names  
So this is the void, we'll leave a hole in space  
I'll never know what you show to unfamiliar faces  
I'll never know what you show to unfamiliar faces  
Unfamiliar faces (repeat 'til end)
