

# Jigga Jigga!

## Scooter

Ring me up!  
Skip to the dip now!  
What we say?  
Jigga Jigga! Welcome to the main arena! I've always been the party pleaser  
There's not a doubt, I've checked all the ladies out  
I am the lyrical teaser  
Addicted to the massive crowd  
Yeah  
If you love me or you hate me  
I don't give a damn  
If you really think you're ready  
So let me see your hands  
Everybody knows we got the floorfiller  
I am the mic driller  
here is the bass killer  
Yeah! Full of light  
From distant flames  
There's sunlight fading  
Autumn leaves in the rain  
If you call I will be there CLOSE TO THE EDGE! Watch how we mix it up! Jigga Jigga!  
Ain't never been a troublemaker  
Just finish what you start by ripping you apart  
I'm not a faker, I'm feared like the great white shark!  
Yeah! If you love me or you hate me  
I don't give a damn  
If you really think you're ready  
So let me see your hands  
Everybody wants to be a top shotter  
I work da mike proper, here is the chart topper  
Yeah! With the wheeling a dealing a gimme that a feeling  
Watcha how we gonna lift up the ceiling  
Yeah! Full of light  
From distant flames  
There's sunlight fading  
Autumn leaves in the rain  
If you call I will be there Ring me up!  
Skip to the dip now!
