

Mr. Mtv

Nothing More

Free drugs, Cheap sex
Fake tans, Big breasts
High times, Pimped rides
Lost days to blackout nights I need this, I need that
I'm not complete with what I have
If I do this, If I buy that
I'll get mine, I'll get mine I want, I want, I want...
Empty me, empty nation
Emptied us of inspiration
Bastard sons and broken daughters
All bow down to our corporate father In my iLife, In my iWorld
On my iPhone, With my iGirl
Just one bite to understand
Even Eve couldn't live without the iPlan I NEED IT Do this, Buy that
Get my drugs and sex
More drugs, Want sex, Need sex
MTV, MTnation
MTus of inspiration
Bastard sons and broken daughters
All bow down to our corporate father
