

On the Hunt

Lynyrd Skynyrd

I said baby mama, I don't know your name
But I said baby, sugar I can play your game
Every night when we leave the hall
I see you hanging around
You wanna ride in my big black car baby
Wanna go uptown
I know who you are baby
I know what they call you girl
Never put you down baby
I'm just like you baby, I'm on the hunt
I know baby
People gonna talk about you and me
But let me say one thing mama, sugar I do as I please
And if you wanna love me baby, Ooh I'm your man
And all those high-falutin' society people
I don't care if they don't undertand
I know who you are baby
and I know what they call you girl
I'll never put you down baby
I'm just like you baby, I'm on the hunt.
And every night I'm hunting baby
and you know what I need.
I'm a hunter.
Ooooh Mama
My daddy told me a long time ago
Said there's two things son
Two things you should know
And in these two things baby, you must take pride
That's a horse and woman, yeah
Well both of them you ride
with some sister.
I know who you are babe
and I know what they call you girl
I'll never put you down babe
I'm just like you baby I'm on the hunt
I know who you are babe
and I know what they call you girl.
I'll never put you down babe
I'm like you, I'm always hunting,
Ooh baby I'm a hunting
And you, you know what I need
a bit of guitar.
