

Too Late to Say Goodbye

Cage the Elephant

Oh, my precious ember burning,
My sweet glowing light.
From the moment I first saw you,
I was yours and you were mine.
Deep down we both knew
You were trouble by design
And the echo of my mother's words
"Baby don't you play with fire"
I was always playing the part
First love
Only set by a spark
There was
No way of changing my mind
Now I'm under your spell
Trapped in a lie
Shouldn't have stood that close to the fire
No turning back
No where to run
No where to hide
It's too late to say goodbye
Push back from my heart, wish we go back to the start
But oh my God is this real
No more time
It's too late
It's too late to say goodbye. I can hear the sounds of sirens circling around
Forced to watch the ashes floating softly drifting to the ground
Deep down we both knew it was trouble by design
And the echo of my mother's words
"Baby don't you play with fire"
I was always playing the part
First love
Only set by a spark
There was
No way changing my mind
Now I'm under your spell Trapped in a lie
Shouldn't have stood that close to the fire
No turning back
No where to run
No where to hide
It's too late to say goodbye
Push back from my heart, wish we go back to The start
But oh my God is this real

No more time It's too late
It's too late
It's too late to say goodbye After all the dust has settled we can settle down
Just the two of us forever no one else around No one else around
Around
Now I'm under your spell
Trapped in a lie
Shouldn't have stood that close to the fire
No turning back
No where to run
No where to hide
It's too late to say goodbye
Push back from my heart, wish we go back to the start
But oh my God no where to escape
No more time
It's too late
It's too late
It's too late to say goodbye.
