## Cypress Hill

"Esto no me gusta. Aqui la gente, la gente no sirve pa' mierda. Aqui yo soy, yo soy Capitan Pingaloca. Y to' mundo aqui, me sirve a mi o va pa'l carajo. Oye... revolucion compadre!"In the midst of the madness

No question, who's the baddest

MCs in the game runnin for the status

Take a few seconds to review the crews

Sittin' on top is the Hill lookin' over you

Killa Hill Niggas

Cleaned in my dream

Cookin' up a scheme

For all them big bank niggas

The world is yours, but it can be mine and his

Bust you out the frame, I don't give a fuck who it is

Number one mission, opposition

Get dumb, succumb and then position

In a casket, best wishes

At the bottom of the lake, sleepin' with the fishes

Full out search for the body

Of the MCs who be comin' to disrupt the party

No wins, no ends, no way

That I'm ever gonna let ya come back again!Check my dramatics

Brains get splattered

Dreams shattered

Sabas get blasted for words he packaged

Beat the sequence

Bravado lessons on his defense

Pile you niggas talkin' fast like Puerto Ricans

What you seekin'

Son I catch clean like Dominicans

Last Mohican

Witness I'm speakin, loud as Indians, tomahawk

Shaolin slang, the violent talk

Upstate New YorkWhere chumps get extorted for Newports

What you thought

(\*back vocals -Ease back, ease back or I squeeze up on the trigger

Then I'm never gonna let ya come back again)

"Y ya esta dicho. Todos los que no les guste mi 'rebote' van a morir.

Yo le voy a meter una bala a la cabeza a cualquier maricon, que no me persiga a mi a la 'singadapuerta'. Oye, hijo puta! Quiero quemarte lacara!"Words droppin' chantThe check DI slant

Then I'm never gonna let ya come back again)"Esta dicho! Aqui, la revelacion! No se la ve por television. Todos los maricones del norte, que los voy a matar yo. Va a ser aqui en nuestro pais. Y todos los 'singamasons', que estan singando un mundo. Tambien, van a ver la muerte de ellos mismos, lo en las manos de ellos. Un dia, va a ser sangre, mucha sangre. La peste de los cuerpos muertos, vas a oir, que se va a hueler. Hasta los Estados Unidos, estos cabrones, que con la democracia, que nos 'tan singando en el culo. Todos son unos mismos cabrones..."
