

Heartbreak Summer (feat. K.Flavy)

RAC

No waves, dead beach
These birds won't leave me alone
Can't bare this heat, my burn, every sweater I own
Too many days and you drive outside, [?] on the floor
Missing a place just that we used to make-out on the shores
While everybody surfing
Baby I've been hurting
Oceans take me under, ooh
Baby, it's a heartbreak summer
They see, just broke
I left my sandals at yours
Black jeans, red coat
Take me to December, New York
Too many days in a palm tree, house keys on the floor, ooh
Thinking of ways that you just don't own me anymore
While everybody surfing
Baby I've been hurting
Oceans take me under, ooh
Baby, it's a heartbreak summer
Baby, it's a heartbreak summer
Baby, it's a heartbreak summer
California knows how to party
You're all around me, I can feel your heartbeat
California knows how to party
You're all around me, I can feel your heartbeat
Baby, it's a heartbreak summer
Baby, it's a heartbreak summer
Baby, it's a heartbreak summer
Baby, it's a heartbreak summer
Baby, it's a heartbreak summer
Baby, it's a heartbreak summer
Baby, it's a heartbreak summer
Baby, it's a heartbreak summer
Baby, it's a heartbreak summer
Baby, it's a heartbreak summer
Baby, it's a heartbreak summer
Baby, it's a heartbreak summer
