

# Someone To Stay

## Vancouver Sleep Clinic

You were alone  
Left out in the cold  
Clinging to the ruin of your broken home  
Too lost and hurting  
To carry your load  
We all need someone to hold  
You've been fighting the memory  
All on your own  
Nothing washes, nothing grows  
I know how it feels being by yourself in the rain  
We all need someone to stay  
We all need someone to stay  
Hear you, falling and lonely, cry out:  
Will you fix me up? Will you show me hope?  
At the end of the day it will help us  
Can you keep me close? Can you love me most?  
You've drunk it down and now you've spat it out  
Nothing tastes like the things you had  
So tear it off, why don't you let them go?  
We all need someone to stay  
We all need someone to stay  
Hear the fallen and lonely cry out  
"Will you fix me up? Will you show me hope?  
The end of the day and we're helpless  
Can you keep me close? Can you love me most?  
Can you keep me close? Can you love me most?  
Can you keep me close? Can you love me most?"  
You were alone, left out in the cold  
Clinging to the ruin of your broken heart  
You were falling and lonely, cry out:  
Will you fix me up? Will you show me hope?  
At the end of the day it will help us  
Can you keep me close? Can you love me?  
Hear the fallen and lonely cry out  
Will you fix me up? Will you show me hope?  
The end of the day and we're helpless  
Can you keep me close? Can you love me most?  
Can you keep me close? Can you love me most?  
Can you keep me close? Can you love me most?
