

Niggas

Kamaiyah

He said that he wanna be my boyfriend

(He wanna be my boyfriend)

But he can't tie me down

(Tie me down)

Cause I don't really wanna be his girlfriend

(Don't wanna be his girlfriend)

At least not right now

(Not right now)

I got niggas, I got niggas, I got niggas, oh

I got niggas, I got niggas, I got niggas, oh

I got niggas, I got niggas, I got niggas, woah

Don't have to understand it but this is how I'm livin'

I got a nigga out in Oakland he be ridin' for me

Gives me head till I'm red then I ride him to sleep

Cruise the streets in his jeep to the (?) of my freak

We don't tell nobody nothin' we just lie and we creep

In the same damn still nobody knows nothin'

We be knockin' boots, lickin' ass, and we tongue kiss

Hit the back room, come back my dress unzipped

He gon' zip it back before they notice we be fuckin'

A freak like me and I'm a freak like him

He's a freak in the sheets (?)

When he gets me alone Lord knows I sin

One time then again and again and again, oh

He said that he wanna be my boyfriend

(He wanna be my boyfriend)

But he can't tie me down

(Tie me down)

Cause I don't really wanna be his girlfriend

(Don't wanna be his girlfriend)

At least not right now

(Not right now)

I got niggas, I got niggas, I got niggas, oh

I got niggas, I got niggas, I got niggas, oh

I got niggas, I got niggas, I got niggas, woah

Don't have to understand it but this is how I'm livin' My New York nigga gets my love the most

Got my first fur from him and I love the coat

He just pull up in my city cause he love the coast

He might creep with a freak but don't love the hoes

Hangin' out at the record we in matching 'Chillas

Big furs, big chains, (?) and gin

Dark skin, tattoos, he all masculine

Love his kisses, he be gettin' all passionate
He what I want
He what I need
He the nigga that may take me out to league
That's what I thought then he fuck around and creep
Went to Miami and I got another freak, ohHe said that he wanna be my boyfriend
(He wanna be my boyfriend)
But he can't tie me down
(Tie me down)
Cause I don't really wanna be his girlfriend
(Don't wanna be his girlfriend)
At least not right now
(Not right now)
I got niggas, I got niggas, I got niggas, oh
I got niggas, I got niggas, I got niggas, oh
I got niggas, I got niggas, I got niggas, woah
Don't have to understand it but this is how I'm livin'
