

# The Ghosts of Beverly Drive

## Death Cab for Cutie

If only you'd had known me  
before the accident  
For with that grand collision  
came a grave consequence  
Receptors overloaded  
They burst and disconnect  
Til' there was little feeling  
Please work with what is left  
Oh, I need not be flattered  
that you've never been here before  
So there's no need to mention  
that you've no firsts anymore  
But if you let me be your skyline  
I'll let you be the wave  
That reduces me to rubble  
That looked safe from far away  
I don't know why, I don't know why  
I return to the scenes of these crimes  
Where the hedgerows slowly wind  
through the ghosts of Beverly Drive  
I don't know why, I don't know why  
I don't know what I expect to find  
Where all the news is second hand  
and everything just goes on as planned  
You wanna teach but not be taught  
and I wanna sell but not be bought  
So let us not be lonesome  
So let us not be lonesome  
Lost in between our needs and wants  
Our needs and wants  
I don't know why, I don't know why  
I return to the scenes of these crimes  
Where the hedgerows slowly wind  
through the ghosts of Beverly Drive  
I don't know why, I don't know why  
I don't know what I expect to find  
Where all the news is second hand  
and everything just goes on as planned  
I don't know why, I don't know why x4
