

# Xenon

## Deftones

You're floating out astray  
This cold and lifeless body  
At this moment what you taste  
Is the key of your evolving We're the lions at the gates  
We're the diamond in your brain  
The desire in your veins  
For the violence  
And the writers of your fate  
Keep riding on this wave  
The desire sweeps your body  
Oh we're watching now we wait  
For another sweet departing We're the lions at the gates  
We're the diamond in your brain  
The desire in your veins  
For the violence  
We're the sirens to your raid  
The desire to remain  
In the violence  
The deciders  
Of your fate  
The desire in your veins for the violence  
The diamond in your brain  
The desire partake in the violence  
We're the sirens to your raid  
The desire to remain  
Remain  
Remain  
The writers of your fate
