

Don't Walk Away

Los Lonely Boys

Why so suspicious lately
baby what did i do? (whatd i do to you)
I see you goin through my pockets
and you say you smell perfume (Baby that aint cool)
I love you every way
i try to show you everyday
Baby wheres this comin from?
I cant tell you what to do
I got nothing left to prove
You never seem to believe a Word i say
Im not gonna tell you lies
Cant you see it in my eyes
Dont want you to turn and walk away (Dont Walk Away).
Now you re calling all my Friends
trying to find out whereIve been (Whens it gonna end?)
i stood on both sides of a lie
im telling you im not a guy (baby i aint lying)
I love you every way
i try to show you everyday
Baby wheres this comin from?
I cant tell you what to do
I got nothing left to prove
You never seem to believe a Word i say
Im not gonna tell you lies
Cant you see it in my eyes
Dont want you to turn and walk away (Dont Walk Away).
(Should i away give up on us baby?)
I know love dont work this way
I thought we could make it better
Now its up to you, its up to you
Yeah, yeah, yeah!!!
I cant tell you what to do
I got nothing left to prove
You never seem to believe a Word i say (believe a Word a i say)
Im not gonna tell you lies
Cant you see it in my eyes
Dont want you to turn and walk away (Dont Walk Away).I cant tell you what to do
I got nothing left to prove (left to prove)
You never seem to believe a Word i say (Word a i say)
Im not gonna tell you lies
Cant you see it in my eyes

Dont want you to turn and walk away (Dont Walk Away).(William Ozzy Orozco)
