

Nothing Without You (feat. Thomas Oliver)

Tinlicker

I don't wanna change my mind
I don't wanna walk away
From this love we've made
Am I gonna make you mine
Am I gonna keep you safe
Forever I will stay This world is nothing without you
This world is nothing without you I don't wanna lose my mind
Watch you walk away
Let this love just fade
Are we gonna intertwine
Now every day
Forever I will stay This world is nothing without you
This world is nothing without you
I don't wanna change my mind
I don't wanna walk away
From this love we've made
Am I gonna make you mine
Am I gonna keep you safe
Forever I will stay
