

# Key Entity Extraction I: Domino the Destitute

## Coheed and Cambria

If you had the courage to stop me from turning into what would be the worst in everybody's  
eyes

Hey, I'm no angel, or the devil of your conscience to tell you who to be  
Good, bad, ugly or otherwise If you had good common sense your choices would be gleaming,  
flawless

I want no part in this self-deprecating worthless chemistry We made our beds  
To lie in them proud, proud of our great mistakes

This falling knife,  
The flash of its blade, turn about-face I implore you, brother  
Don't walk away, don't walk away from me

'Cause this is our war Oh, you think they have it all  
While you were left with nothing

Oh, oh, you've taken the fall  
For them to walk all over

You made your bed  
So soft and comforting

These dreams await

The great good morning We made our beds  
To lie in them proud, proud of our great mistakes

This falling knife

The flash of its blade, turn about-face I implore you, brother  
Don't walk away, don't walk away from me

'Cause this is our war Oh, we've got you by the throat

Oh, oh, oh, all you wanna be Welcome, oh, to the everlasting all-time low  
Please put your hands together

For the ever-failing one-man show:

Domino

Ladies, and broken gentlemen

The undisputed champ of misery, oh

And in this corner, we find his challenger

The pride of Utopia, the greatest thing ever If you could recall one moment of your past  
That defined you to be

That made you the man we've come to love  
All the above This disaster binds us absolute

A thousand lies you'll tell yourself

That no one ever loved you right

Ooh, but I would do anything for you

The question fits the question mark

Your signals crossed, your message lost, haha [Well this has been an extraordinary change of  
events! As two great champions in the fight to the finish line have come back for a final round,  
that right now, is being seen 'round the world as the upset of the century! Let's get back to the  
floor and into the fray! The fighters meet in the center of the ring, as the challenger brings in a

right hook, a left hook! Ooh, Domino is dodged! Followed by a hook right to the body! Oh, he  
might have took another left! That sent Domino into the ropes! The challenger laying after  
being pummeled by that right that sent him tumbling straight to the floor! The crowd's on their  
feet, the ref's called the fight! He's out! He's out!]

This wall won't hold forever  
Your time has come, it's now or never  
We made our beds  
To lie in them proud, proud of our great mistakes  
This falling knife  
The flash of its blade, turn about-face  
I implore you, brother  
Don't walk away, don't walk away from me  
'Cause this is our war  
One by one  
We are together, we fall together  
One by one  
We are together, we fall together  
Oh, my brother, don't be afraid  
We are together, we are together  
Brother  
We are together, we fall together
