

# Stand Amazed

## 33Miles

I don't really know how long forever is  
But that's how long I'm gonna give my life  
Everything I face it tries to tear me down  
No, I won't back away from the sacrifice  
I won't forget what your love means to me.  
You're always there to light my way When all the lights go down  
And the world is quiet; no one is around  
I want to be the same man, that will serve you then, like I serve you now  
Let my convictions never change  
Oh let my need for you remain  
As real as the moment I was saved  
I will always stand amazed  
Sometimes my heart desires such selfish things  
When the moment comes, help me to trust  
Something better that you have for me  
If I could just hold on, to you enough  
I won't forget what your love means to me.  
You're always there to light my way  
When all the lights go down  
And the world is quiet; no one is around  
I want to be the same man, that will serve you then, like I serve you now  
Let my convictions never change,  
Oh let my need for you remain  
As real as the moment I was saved  
So I will always stand amazed You will my strength when I am weak  
When I want to give in, and not turn the other cheek  
Oh let this be the prayer that I speak  
That I speak!  
When all the lights go down  
And the world is quiet; no one is around  
I want to be the same man that will serve you then, like I serve you now  
Let my convictions never change,  
Oh let my need for you remain  
As real as the moment I was saved  
So I will always stand amazed
