

# If You Believe Me

Relient K

I got a chill and I wanted to say it was you  
Be still because what I'm about to say is the truth  
Unless we stretch until the point in nearly breaking in two  
We'll never find our weakness coming on glue  
A cracked sculpture I wanted to say it was you  
Being vultures is why I feel the way I do  
I fell in love and I wanted to say it was you  
I wanted to say it was you  
If you believe me  
We can stand the test of time like no one else  
If you believe me  
It means you have to disbelieve yourself  
A sudden wind and I wanted to say it was you  
I never been so confused about who knows the truth  
It began when I wanted to say it was you  
Cause I swore you had your head in this tool  
If you believe me  
We can stand the test of time like no one else  
If you believe me  
You know it means you have to disbelieve yourself  
If you believe me  
Because I'm here wondering what could you be thinking  
Though I know you that you're thinking that I wonder that all the time  
I can still invade your thoughts when you're not with me  
Yet don't mind me I'm just a parasite on your mind  
Yeah don't mind me I know you're wondering all the time  
If you believe me  
We can stand the test of time like no one else  
If you believe me  
It means you have to disbelieve yourself  
If you believe me
