

# Sad Corny Fuck

[JP Saxe](#)

Are you on this side of town?  
Could you be beside me right now?  
You could ask me that anywhere I'd say, "Be there soon"  
Love don't get better than you I stood for a breath at your door  
Just to let it sink in a bit more  
However you held me that night, I just knew  
Love don't get better than you And I still don't know what you've done to me  
I'm just a sad corny fuck suddenly  
I still don't know what you've done to me  
Oh, oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh, oh, oh  
I was naive in your arms  
I was naive from the start  
I felt it back then  
Can't you tell I still do  
Love don't get better than you And I know I held on for too long  
Somehow that never felt wrong  
But now that you're gone  
I'm just scared it's still true  
Love don't get better than you And I still don't know what you've done to me  
I'm just a sad corny fuck suddenly  
I still don't know what you've done to me  
Oh, oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh, oh, oh  
I keep your love notes in a drawer  
I know you don't feel that way anymore  
It just feels nice knowing you're really used too  
Love don't get better than you And I know it'll just take more time  
If I don't let the memories die  
But in every girl's eyes  
I just find some more proof  
Love don't get better than you
