

Devil Inside

Hikaru Utada

Everybody wants
me to be their angel
Everybody wants
something they can cradle They don't know I burn
They don't know I burn
They don't know I burn
They don't know I burn
Maybe there's a devil
(or something like it) inside
Maybe there's a devil
(or something like it) inside of me
Devil (or something like it) inside
Maybe there's a devil
somewhere really deep inside me
Devil inside of me
Jealous angel deep inside me You don't know cuz you're too
busy reading labels
You're missing all the action
underneath my table I'm waiting for my turn
Waiting for my turn
Just waiting for my turn
Just waiting for my turn
Maybe there's a devil
(or something like it) inside
Maybe there's a devil
(or something like it) inside of me
Devil (or something like it) inside
Maybe there's a devil
somewhere really deep inside me
Devil inside of me
Jealous angel deep inside me Time to make it burn
This is how I burn
