

Feel for Me

Gary Wright

I'm so glad
Now that I know
That you feel for me now My sorrow is gone
And I'm starting to let go
Can you feel for me now I'm reeling everywhere
I look you're there again somehow
And you feel for me like I feel for you now When I'm sad
I know you know
'Cause you feel for me now You're the queen of my heart
And before you I bow
Can you feel for me now
Angel of light
You have dragged me from the deep
And you feel for me like I feel for you now Ooo Ooo - Yeah
Nah Nah Nah Nah Nah Nah Nah Nah Nah
Nah Nah Nah Nah Nah Nah Nah Nah Nah Don't be afraid
Never tell me why or how - No No
Just feel for me like I feel for you now - Ooo Mmm If there is a light in you
Let me feel it too
O - like I feel for you now And if we meet again in another time or place
Will you know my face
Will you feel for me like I feel for you now
O - will you feel for me like I feel for you now
Mmmm Mmmm
O - will you feel for me like I feel for you now
Feel - Feel for me like I feel for you now
Feel - Feel - Feel - for me now
