And me name Koffee-Swag-A-Lot  
Dem a chat, me nah no time fi dem Yeah a so me wake up  
Money maker, no makeup  
Me go straight fi di paper  
Tell ya "Wait, see ya later"  
Me step out, everybody look like "What?!"  
Me so fresh, dem say "How you look like dat?!"  
Hot up every cranny, every nook  
And me slick, have every trick ina di book Everything we do, we give thanks  
Tell dem wah we do  
Lowe di L, take di W  
One thing deh out deh fi you  
And it nah come if you no go Everything we do, we give thanks  
Tell dem wah we do

Dem a chat, me nah no time fi dem Everything exotic, all plush  
Little baby got a body that I swear I won't touch  
Pull up, I let her ride it, girl you know I want lust  
I got her excited, I won't stop I'm in a rush  
I — her like lunch, we keep it on hush  
Bought you a Benz truck, I love to see you blush  
You shopping when you land see you bought a Prada clutch  
We got a lot of bucks, cash longer than a bus We some warriors  
Looking at your heart through the Cartier  
Peons at the top at the Aria  
She got locked, Rastafari yeah  
We know wa gwan at the party yeah  
We don't fear nothing, we the hardest yeah

Spending cash up front and get us all a pair  
She want Gunna-Wunna 'cause the real is rare  
A no news, me ina me prime  
A no crime  
Where di dolla sign?  
Money pon me mind  
So me nah no time fi spend  
A me style put me pon di map  
Me deh pon di top  
And me name Koffee-Swag-A-Lot  
Dem a chat, me nah no time fi dem  
Pull up in rocket, me blast off  
You could never get me half off  
You gon get da full price  
Been this real my whole life  
Me no err twice  
All year flights

And me really never check the price  
I'm living my best life cause life good  
Everything we do, we give thanks  
Tell dem wah we do

One thing deh out deh fi you  
And it nah come if you no go  
Everything we do, we give thanks  
Tell dem wah we do
