

Landing In London

3 Doors Down

I woke up today in London
As the plane was touching down
And all I could think about was Monday
And maybe I'd be back around
If this keeps me away much longer
I don't know what I would do
You've got to understand it's a hard life
That I'm going through And when the night falls in around me
I don't think I'll make it through
I'll use your light to guide the way
'Cause all I think about is you
But L.A. is getting kind of crazy
And New York's getting kind of cold
I keep my head from getting lazy
I just can't wait to get back home And all these days I spent away
I'll make up for this, I swear
I need your love to hold me up
When it's all too much to bear And when the night falls in around me
And I don't think I'll make it through
I'll use your light to guide the way
'Cause all I think about is you
And all these days I spent away
But I'll make up for this, I swear
I need your love to hold me up
When it's all too much to bear
And when the night falls in around me
And I don't think I'll make it through
I'll use your light to guide the way
'Cause all I think about is you
