[Intro: Vory]

Heard

Heard you cryin'

Heard

Heard you cryin'[Vory]

Hey, hey

You don't take time to listen to my side
Just know when he's gone I'll be by your side
Last night you called and I can hear you cry

Hung up my phone [?]

Hey, hey, hey

[Vory]

Heard (hey)

Heard you cryin' (hey)

Whoa, whoa, whoa, whoa

Oh whoa, whoa, whoa

Hey[Vory]

You don't take time to listen to my side
Just know when he's gone I'll be by your side
Last night you called and I can hear you cry

I ask myself why I [?][The-Dream]

And still I wait up, I stay up, I wake up

I pray about you

I know I fucked up don't know face in this [?]

Can't live without you

But he lies like I lied but my lies were sweeter

He lies 'cause he want you

And I lie 'cause I need you

[Vory]

You don't take time to listen to my side

Just know when he's gone I'll be by your side

Last night you cried and I could hear you cry

Asking myself why I didn't asked you why? (Oh why, why, why?)

And my heart it hurts baby

Lately we've been at war lately (Oh, why, why, why?)

Just know I hurt

Don't care what I heard

Don't care what I heard[The-Dream]

And still I wait up, I stay up, I wake up

I pray about you

I know I fucked up don't know face in this [?]

Can't live without you
But he lies like I lied but my lies were sweeter
He lies 'cause he want you
And I lie 'cause I need you[The-Dream]
There's no doubling down
And take your head off the ground
'Cause the sun lay on your face
Until those beautiful eyes rain[Vory]
I hurt, oh I hurt, know I hurt
Just know I hurt you, just know I heard you, yeah
Just know I heard you, I'm not here to hurt you[The-Dream]
And still I wait up, I stay up, I wake up
I pray about you
I know I fucked up don't know face in this [?]
Can't live without you
But he lies like I lied but my lies were sweeter
He lies 'cause he want you
And I lie 'cause I need you
