

Figure You Out

Eve

Guy (eve)Lady look I'm tryna figure you out (okay)
I'm tryna find out what chu all about(yeah)
Baby girl I wanna get in your head(right here)
Damn is you everything that you said(no doubt)
Mean no harm I admire your style
Just take a second here and hear me out
(I know your game you tryna make me shout)
Yo look I'm just tryna figure you out

Verse 1

He approach me boldly,
said he felt me some, looking lonely,
I had to stop and tell him daddy chill 'cause you don't know me
He said listen ma I mean no harm
Just wanna let you know my story
Yo don't be alarmed
Usually I'm like the bitchy type
Quick to hit 'em with ahha, yeah okay 'ight
What's your name again?
But I was feeling dude
And to my surprise for once I wasn't being rude
Had these eyes that would make you melt
So what it's corny, that's the way I felt
Had this body not a big deal, but it helped
I mean this nigga had some shit wit' him
And every time I tried to talk

He grabbed my hand and said sweetheart just listen
Guy (eve)Lady look I'm tryna figure you out (okay)
I'm tryna find out what chu all about(yeah)
Baby girl I wanna get in your head(right here)
Damn is you everything that you said (no doubt)
Mean no harm I admire your style
Just take a second here and hear me out
(I know your game you tryna make me shout)
Yo look I'm just tryna figure you outVerse 2

Felt like I was little, got me back to shy days
Is he being real or is he coming at me side ways
Said he wanna build wit' me, I'm like here we go
Said he was a regular nigga that liked my flow
Confidence is key wit' me so I let him go on
Casanova saying shit like damn you got the blow on
I'm like he did his homework, Knowing what I like
Can't find nothing wrong on 'im, And he might be my type

Continued with his story 'bout his three years in jail
How he missed the streets, 'cause being in there was like hell
How his lil' daughter Kira center of his world
His princess and she knows she's daddy's lil' girl
I'm looking at his face, I look at my watch
He smiled, said he wish that time would stop
I apologized to him, 'cause I didn't mean to be rude
He said I know you busy, just wanted to really meet youGuy (eve)Lady look I'm tryna figure

Asked me if I had a man, I said that I didn't
Wanted to know if he could be that wit' my permission
Told him that I wasn't ready, he said yeah right
Told me that I need a real nigga in my life.
I agreed wit' him, told him it would come soon
Let him know I had enjoyed the talk but had to run soon
Asked me when was the last time I took time for me
And if I ever reflected on how shit could be
He told me I was blessed, I said dog I know it
He said just a reminder feel that way you never blow it
Slipped me his number said use it for inspiration
Kissed my cheek and whispered thank you for your conversationGuy (eve)Lady look I'm tryna
