

# Obsession

KXM

Your eyes they made me stumble  
You're like a loaded gun  
I told you i was trouble  
And you should turn to run  
Now, you're my obsession  
I'm burning like the sun  
Now, i'm your possession  
But i'm not the only one Where you go, i will go  
Nobody wants you like i do  
Nobody loves you like i do  
I had give up was done  
To become old and numb  
Take what i was given  
I had no faith in none  
Now, you're my obsession  
I'm burning like the sun  
Now, i'm your possession  
But i'm not the only one Where you go, i will go  
Stay with me bury me  
Nobody wants you like i do  
No, nobody loves you like i do  
No no no, no no Nobody wants you like i do  
Yes nobody loves me like you do  
No no no, no no  
Nobody needs you like i do  
Nobody, nobody, nobody  
No no no, no no  
Noooooooo.
