

I Will Be Here for You (Nitakungodea Milele)

Al Jarreau

When you feel the sunlight
Fade into the cold night Don't know where to turn
Don't know where to turn
And all the dreams you're dreaming
Seem to lose their meaning Let me in your world
Baby, let me in your world
All you need is someone you can hold
Don't be sad, you're not alone
I will be here for you
Somewhere in the night
Somewhere in the night
I'll shine a light for you Somewhere in the night
I'll be standing by
I will be here for you
In this world of strangers
Of cold, unfriendly faces There's someone you can trust
Oh there's someone you can trust
I will be your shelter
I'll give you my shoulder
Just reach out for my love
Reach out for my love
Call my name
And my heart will hear
I will be there, there's nothing to fear
I will be here for you
Somewhere in the night
Somewhere in the night
I'll shine a light for you
Somewhere in the night
I'll be standing by
I will be here for you
Oh, yeah! I will be here for you
Somewhere in the night
Somewhere in the night
I'll shine a light for you
Somewhere in the night
I'll be standing by
I will be here for you
Somewhere in the night
Somewhere in the night
I'll shine a light for you
Somewhere in the night

I'll be standing by
I will be here for you
I will be here for you
