

# Me So Bad (feat. Ty Dolla \$ign & French Montana)

## Tinashe

[Intro]  
Montana  
Right Now Sound, (Woah)  
Hitmaka!  
Sound! [Verse 1: Tinashe]  
I know you want my free time  
I know that we don't play, play, play, play  
I'm walking on a thin line  
I'm hoping that it break, break, break, break, break  
I'm tryna give you FaceTime (yeah)  
Don't mean you wanna wait, wait, wait, wait, wait  
I want a better bassline, I want a better bassline [Pre-Chorus: Tinashe]  
Don't be faking, faking, no, yeah  
Say you looking for someone that'll last  
I know you looking for someone that'll last  
[Chorus: Tinashe]  
You want some me so bad  
You want some me so bad  
Come get this body  
You want some me so bad  
You want some me so bad  
Come get this body [Verse 2: Ty Dolla Sign]  
Running out of words to say  
No talking girl, I came to play  
Drop top, jumped in the wraith  
Yeah, yeah  
I want it face down  
Turn around let me lay down  
Until you want another round let me taste that  
Ye  
[Pre-Chorus: Tinashe]  
Don't be faking, faking, no  
Say you looking for someone that'll last  
I know you looking for someone that'll last [Chorus: Tinashe]  
You want some me so bad  
You want some me so bad  
Come get this body  
You want some me so bad  
You want some me so bad  
Come get this body [Verse 3: French Montana]

Senorita, señor-senorita  
Sh-Shorty give me head like a mind reader  
Overseas and [?], no rain checks  
Once I showed her the safe  
She ain't want no safe sex  
AOD with the rain jacket  
She a savage, Louis vintage baggage  
You know we the flyest that's a fact  
And I need a new crib for the plaques[Bridge: Ty Dolla \$ign & Tinashe]  
Quit all that stalling, I got what you need right now  
And I want to feel it  
Trying to take you higher than the ceiling  
Quit all that stalling, got what you need right now  
Yeah, I want to feel it  
Oh you got me caught up in my feelings, yeah[Pre-Chorus: Tinashe]  
Don't be faking, faking, no  
Say you looking for someone that'll last  
I know you looking for someone that'll last[Chorus: Tinashe]  
You want some me so bad  
You want some me so bad (you know I'm on my way boy)  
Come get this body  
You want some me so bad (me so bad)  
You want some me so bad  
Come get this body
