

My Knees

[Ambrosia Parsley](#)

Is is true, is she really after me
Does she telling me what to do
Telling me what to do while I'm asleepAm I like you
My hands
My mouth
My kneesWhat to do
Hey, you think she'll get to me
And not stop 'till I'm through
Not stop 'till my head is through the wallAm I like you
My hands
My mouth
My knees
Nothing new, me, you, we'll never say it
Won't stop 'till we're through
That we won't stop 'till we're through
Won't stop 'till there's nothing left at all
Oh no, copy paste again, I'm always on the run forever
Am I like you
My hands
My mouth
My knees
