

# Am I Wry? No

## Mew

Farah, now that we're here  
Can you tell me exactly how I should have done? Farah, drives with her eyes closed  
Do you ever inflict unwanted memories? I know you, and I know it won't take you long  
to make me smile Farah, angelic girl  
I'll have you know it's you and me, potentially Farah, don't pull the carpet from under me  
Indifference is killing me  
Am I wry?  
Oh my! Fallacy!  
Fallacy in my words  
Am I wry? I know you  
And I know you're not afraid  
To say the least Diamond ring, diamond ring  
But you can't find it  
Cold is the night  
Diamond ring, diamond ring  
But you can't find it  
Cold is the night  
Diamond ring, diamond ring  
But you can't find it  
Cold is the night  
Diamond ring, diamond ring  
But you can't find it  
Cold is the night
