

# Slow Life (with Victoria Legrand)

## Grizzly Bear

I think I know what's on your mind  
A couple words, a great divide  
Waiting in the wings, a small respite  
Crowding up the foreground from behind Even though you're the only one I see  
It's the last catastrophe  
Place your bets on chance and apathy Take anything you want, it's fine  
Keep up the slow life for the night  
Don't take it back, I'll just deny  
This constant noise all the time  
Even though you're the only one I see  
It's the last catastrophe  
Place your bets on chance and apathy  
From the wind in front of me  
Even though you're the only one I see  
It's the last catastrophe  
Place your bets on chance and apathy  
From the wind in front of me Even though you're the only one I see
