

Move It

Jaded

Just move it, do's it
Got a plan, just 'buse it, 'buse it Better run, just move it, do's it
Got a plan, just 'buse it, 'buse it
Gal are gwan and they done up the dance floor
Drinks gone, just a run up the tab more
Till the beat stop, here till your feet sore
Got your man like whole night, want score
Got me gripped tight, want see me front door
But me still just a run up the tab more
Any, any, any, anything, we will drink dat
Bring me Henney when they drift, lemme lose that
Stay ablaze all night with the puff dat
Get the herbs on site, light me up
Better run, just move it, move it
Got a plan, just 'buse it, 'buse it
Better run, just move it, move it
(Better run, just move it, move it)(Better run, just move it, move it
Better run, just move it, do's it)
Got a plan, just 'buse it, 'buse it(Better run, just move it, move it
Better run, just move it, do's it
Better run, just move it, move it)Let me take you to the bar, know the star large
Man a real top dog, me no take bark
Man a real bad mind, we will take charge
See me want work
Get that ass up off your feet
Get liney when they feel irate
'Cause they can't be stitched to where I be
Killer tomboy sight, lemme up then
(Killer tomboy sight, lemme up then
Killer tomboy sight, lemme up then
Killer tomboy sight, lemme up then)Somebody better call 999
Stick 'em up real high, high, high
It's a murder up on the dance floor
See the ting go boom, bye bye Somebody better call 999
Stick 'em up real high, high, high
It's a murder up on the dance floor
See the ting go boom, bye bye(Better run, just move it, move it
Better run, just move it, do's it
Better run, just move it, move it)
Got a plan, just ('Buse it, 'buse it)(Better run, just move it, move it
Better run, just move it, do's it
Better run, just move it, move it

Got a plan, just 'buse it, 'buse it)
